

LOYOLA COLLEGE OF ARTS AND SCIENCE (CO. ED.)

DEPARTMENT OF COMPUTER SCIENCE

ANNUAL REPORT (2025-2026)

Department's Profile

The Department of Computer Science was started in the year 2015. Artificial Intelligence & Data Science was newly introduced course in the year 2025. The department have 5 experienced faculty members. The department provided the ICT enabled teaching and learning to the students, who contribute to global development through gaining the focused knowledge and skills. To bridge the gap between classroom teaching and the actual field outside, the department organizes expert talks and seminars on current topics through forum for Information Technology. It is the platform for students to bring out their talents, creativity and innovations. Our students are extremely talented and have won several shields and championships in various competitions and events. As part of its Extension activities, the Department promotes Computer Literacy and Education for students. It is also involved in devising and developing expert systems for rural development.
